Programming

Purav Patel

Student at Thomas A Edison Career And Technical High School
New York, New York, United States

Summary

In my freshman year, I focused on digital design and web development, completing a course in Adobe Photoshop and Illustrator while mastering HTML, CSS, and cybersecurity, earning a certification in HTML/CSS. In sophomore year, I added JavaScript to create dynamic websites. Now, as a senior, I'm programming with Python and exploring new languages like Java and JavaScript, working on various projects, including games and applications. Participating in coding competitions has enhanced my problem-solving and teamwork skills.

Experience

Museum of the Moving Image
Digital Media Intern
July 2024 - August 2024 (2 months)
